

# PIPELINE SAFETY

## A SHARED RESPONSIBILITY

### A GAS LEAK CAN CAUSE:

- Hissing noises
- Unusual odor indoors or near the pipeline
- Bubbling in wet or flooded areas
- Dirt being blown into the air
- Dead or discolored vegetation near an underground pipeline
- Abnormally dry or hardened soil
- Fire or explosion involving pipeline facilities

### TO REPORT A GAS LEAK:

- **Call** 715-394-2200, SWL&P's 24-hour emergency hotline.
- Suspected gas leaks are potentially dangerous and **MUST** be reported and investigated immediately.

*We need your help to continue to operate a safe and reliable distribution system.*

Call 811  
before you dig

# SWL&P

AN ALLETE COMPANY

## REMEMBER... CALL 811 BEFORE YOU DIG

*Superior Water Light & Power cares about the safety of you and your family. With the arrival of spring, SWL&P wants to remind customers who are planning to dig in the yard, begin a construction project or engage in any other earth-moving activity, to call Wisconsin's Diggers Hotline at 811.*

*By calling 811, residents can have underground utility lines in the work area located and identified at no cost to you. It's a simple call that can help avoid unintended consequences such as injury to you or your family, damage to your property, utility service outages and costly repairs associated with damaged lines.*

## IF YOU SUSPECT A LEAK:

- **EVACUATE** the building or area immediately.
- **DO NOT** use telephones (including cell phones), doorbells, light switches, pagers, garage door openers, appliances, engines, or any other electrical equipment.
- **DO NOT START UP** or shut down any vehicles, machinery or equipment near the area.
- **MOVE** upwind to escape any potentially dangerous accumulation of gas.
- **DO NOT RE-ENTER** the area until told it is safe.
- **CALL** SWL&P at 715-394-2200 from a safe location – **NOT** from the building where you smell gas.
- **DO NOT** light a match or use any other ignition sources.
- **DO NOT** attempt to control the leak.
- If the gas is burning, let it.
- **WARN** others to stay out of the area until help arrives.
